

MIZORAM SCIENCE CONGRESS - 2018 (MSC2018)

THEME:

*Perspective and Trends in the
Development of Science Education and Research*

4th - 5th October, 2018

@ Pachhunga University College

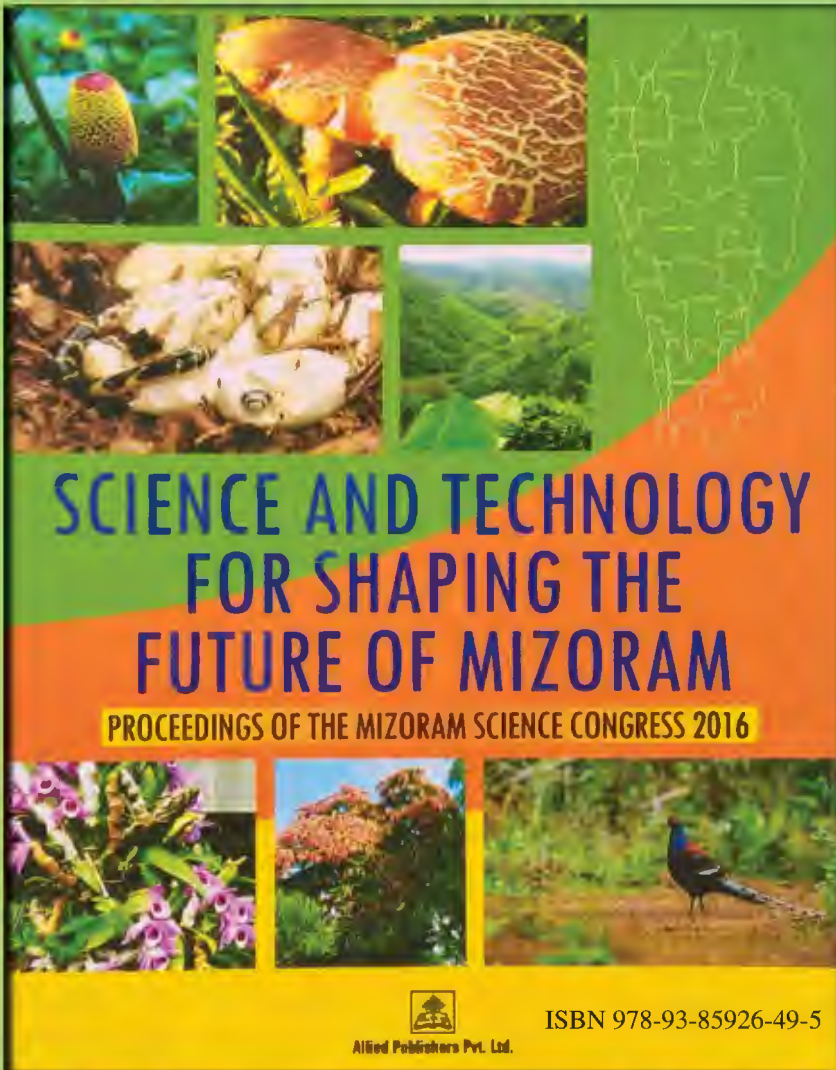

Organized by

Mizoram Science, Technology and Innovation Council (MISTIC),
Directorate of Science & Technology, Govt. of Mizoram

In collaboration with

Mizo Academy of Sciences (MAS)
Mizoram Science Society (MSS)
Science Teachers' Association, Mizoram (STAM)
Mizoram Mathematics Society (MMS)
Geological Society of Mizoram (GSM)
Biodiversity and Nature Conservation Network (BIOCONET)
Pachhunga University College (PUC)

www.sciencecongress.mizoram.gov.in

Scope/About the event:

Advances in science and technology profoundly rely on the sharing of research knowledge and findings and the opportunity for such presentation is the 2nd Mizoram Science Congress. Eminent researchers, scientists and academicians from different parts of the nation will gather with a common interest, the tantalizing inclination to ameliorate science and technology. This year's theme "Perspective and trends in the development of science education and research" will be addressed by different keynote speakers.

The event will host talks by prominent scientists, presentation by young researchers, and exhibitions by students, and participants are expected from different departments of the Government of Mizoram as well as indigenous innovators. There will be a parallel session of Mizoram Children Science Congress to inspire and promote science and technology among the fresh young minds.

Aims and Objectives:

- i) To promote quality science education and research.
- ii) To encourage students to pursue higher studies in the field of science and technology.
- iii) To implement awareness on technological advances.

About the venue:

Pachhunga University College (pucollege.edu.in), established on 15th August, 1958, is a constituent college of Mizoram University and was accredited A+ in 2016 by National Assessment and Accreditation Council (NAAC) and also selected as College with potential for excellence. The college campus covers an area of 136 acres and is located in the eastern side of Aizawl City (23.72° North, 92.72° East). The college caters undergraduate degree courses in Arts, Science and Commerce. The college also has 6 add on courses and UGC-Community college diploma in Mushroom Cultivation. The college also promotes students exposure through study tour and excursion inside and outside the state. Students' welfare is the number one priority inside the college. The college is also the leader among all colleges in terms research activities and publications and was selected "Star College Scheme" by the department of Biotechnology in 2012. The college has completed one village adoption- Phulpui village and is currently adopting Lungleng village from 2016.
